Single Blockable Main Drain in Pool/Hot Tub/Spa*		√

If the answer to any of the items in Section 3 is yes, explain (attach additional sheets if necessary):

(Improper Drainage) The north-most pool deck drain has impaired flow which can result in water pooling on the deck after rain or excessive splashing from the pool.

(Underground Storage Tanks) There is an underground propane tank in the back yard that serves the spa/pool heater.

(Water Damage Not Due to a Flood Event) - Past leak under right master bathroom sink caused localized wood rot in cabinet base. Area was treated and cabinet base was repaired.

- The bottom edges of the wood trim around the garage door and the garage entry door have been rotted by past rain events. These trim sections have been replaced.
- There was some past wood rot around the spigot near the northeast corner of the house caused by a spigot leak. This siding section has been replaced.
- Some boards on the backyard wooden deck had rot in the past. The rotten boards have been replaced.

(Wood Rot) - Past leak under right master bathroom sink caused localized wood rot in cabinet base. Area was treated and cabinet base was repaired.

- The bottom edges of the wood trim around the garage door and the garage entry door have been rotted by past rain events. These trim sections have been replaced.
- There was some past wood rot around the spigot near the northeast corner of the house caused by a spigot leak. This siding section has been replaced.
- There was a small section of past wood rot on the northeast fascia corner of the house/roofline. This section has been replaced.
- Some boards on the backyard wooden deck had rot in the past. The rotten boards have been replaced.

"100-year floodplain" means any area of land that: (A) is identified on the flood insurance rate map as a special flood hazard area, which is designated as Zone A, V, A99, AE, AO, AH, VE, or AR on the map; (B) has a one percent annual chance of flooding, which is considered to be a high risk of flooding; and (C) may include a regulatory floodway, flood pool, or reservoir.

"500-year floodplain" means any area of land that: (A) is identified on the flood insurance rate map as a moderate flood hazard area, which is designated on the map as Zone X (shaded); and (B) has a two-tenths of one percent annual chance of flooding, which is considered to be a moderate risk of flooding.

"Flood pool" means the area adjacent to a reservoir that lies above the normal maximum operating level of the reservoir and that is subject to controlled inundation under the management of the United States Army Corps of Engineers.

"Flood insurance rate map" means the most recent flood hazard map published by the Federal Emergency Management Agency under the National Flood Insurance Act of 1968 (42 U.S.C. Section 4001 et seq.).

"Floodway" means an area that is identified on the flood insurance rate map as a regulatory floodway, which includes the channel of a river or other watercourse and the adjacent land areas that must be reserved for the discharge of a base flood, also referred to as a 100-year flood, without cumulatively increasing the water surface elevation more than a designated height.

"Reservoir" means a water impoundment project operated by the United States Army Corps of Engineers that is intended to retain water or delay the runoff of water in a designated surface area of land.

Section 6. Have you (Seller) ever filed a claim for flood damage to the Property with any insurance

Concerning the Property at __106 Los Altos Drive, Lakeway, Texas 78734

(TXR-1406) 07-10-23 Initiated By: Buyer: _____ , ____ and Seller: \mathcal{SH} , \mathcal{VH} Page 6 of 8

*Chapter 766 of the Health and Safety Code requires one-family or two-family dwellings to have working smoke detectors installed in accordance with the requirements of the building code in effect in the area in which the dwelling is located, including performance, location, and power source requirements. If you do not know the building code requirements in effect in your area, you may check unknown above or contact your local building official for more information.

A buyer may require a seller to install smoke detectors for the hearing impaired if: (1) the buyer or a member of the buyer's family who will reside in the dwelling is hearing-impaired; (2) the buyer gives the seller written evidence of the hearing impairment from a licensed physician; and (3) within 10 days after the effective date, the buyer makes a written request for the seller to install smoke detectors for the hearing-impaired and specifies the locations for installation. The parties may agree who will bear the cost of installing the smoke detectors and which brand of smoke detectors to install.

Seller acknowledges that the statements in this notice are true to the best of Seller's belief and that no person, including the broker(s), has instructed or influenced Seller to provide inaccurate information or to omit any material information.

ADDITIONAL NOTICES TO BUYER:

- (1) The Texas Department of Public Safety maintains a database that the public may search, at no cost, to determine if registered sex offenders are located in certain zip code areas. To search the database, visit https://publicsite.dps.texas.gov. For information concerning past criminal activity in certain areas or neighborhoods, contact the local police department.
- (2) If the Property is located in a coastal area that is seaward of the Gulf Intracoastal Waterway or within 1,000 feet of the mean high tide bordering the Gulf of Mexico, the Property may be subject to the Open Beaches Act or the Dune Protection Act (Chapter 61 or 63, Natural Resources Code, respectively) and a beachfront construction certificate or dune protection permit may be required for repairs or improvements. Contact the local government with ordinance authority over construction adjacent to public beaches for more information.
- (3) If the Property is located in a seacoast territory of this state designated as a catastrophe area by the Commissioner of the Texas Department of Insurance, the Property may be subject to additional requirements to obtain or continue windstorm and hail insurance. A certificate of compliance may be required for repairs or improvements to the Property. For more information, please review *Information Regarding Windstorm and Hail Insurance for Certain Properties* (TXR 2518) and contact the Texas Department of Insurance or the Texas Windstorm Insurance Association.
- (4) This Property may be located near a military installation and may be affected by high noise or air installation compatible use zones or other operations. Information relating to high noise and compatible use zones is available in the most recent Air Installation Compatible Use Zone Study or Joint Land Use Study prepared for a military installation and may be accessed on the Internet website of the military installation and of the county and any municipality in which the military installation is located.
- (5) If you are basing your offers on square footage, measurements, or boundaries, you should have those items independently measured to verify any reported information.
- (6) The following providers currently provide service to the Property:

Phone #: (888) 340-6465
Phone #: (512) 261-6222
Phone #: (512) 261-6222
