

QUALITY ASSURANCE

- Two-year Workmanship Limited Warranty, Ten-year Structural Limited Warranty.
- Professionally engineered post-tension foundations inspected at three stages of the foundation process.
- Engineered structural framing inspected and certified on every home.
- Third party quality inspections performed by Burgess Construction Consultants on each home prior to sheetrock and at final stage of construction.
- Third party Home Energy Raters conduct onsite testing and inspections to verify the energy efficiency measures, as well as insulation, air tightness, and duct sealing details on every home.
- Inspections performed by an experienced construction staff at various stages of the construction process.
- All homes are engineered and inspected to meet the wind speed requirements of the International Residential Code.

ENERGY EFFICIENCY

- Designated RESNET Energy Smart Builder with up to 30% or more improvement in energy efficiency over the HERS® reference home. For more information, please visit www.resnet.us.*
- TechShield® radiant barrier sheathing reduces radiant heat from radiating into the attic (not on detached garages).
- High-efficiency 16.0 SEER Carrier air conditioning system with environmentally-sound Puron® Refrigerant.
- ENERGY STAR® labeled GE dishwasher is more energy efficient than non-ENERGY STAR® models.
- High-efficiency insulated low-E glass vinyl windows to reduce ultraviolet transmission.
- Energy saving LED light bulbs installed throughout the home.
- Commodes use 1.28 gallons per flush for water conservation.
- Fresh Air Intake System for improved indoor air quality.
- Smoke and carbon monoxide detectors.
- ENERGY STAR® rated reversible ceiling fan with nickel or bronze finish in family room.
- Energy efficient Rheem water heater with eco-friendly burner that reduces nitrogen oxide emissions.
- Polycel sealant around all windows, doors, pipes, wiring holes, and exterior base plates for improved energy efficiency and comfort.
- Greenguard certified R-13 batt insulation in walls and R-30 blown insulation in all flat ceilings (except garages).
- PEX plumbing system installed for water quality and energy efficiency.
- HardieBacker Cement Board with Moldblock Technology installed in all showers.

EXTERIOR FINISHES

- 100% brick or stucco (varies per design).
- Brick or tile front porch with decorative coach lights.
- Fiber cement siding and soffit with a 25-year limited transferable manufacturer's warranty (varies per design).

PERRY HOMES

Smart
Comes
Standard

Perry Homes is already known for exceptional quality, beautiful designs and unparalleled service. Now, buying a Perry Home is an even smarter choice. We have partnered with top companies to make it easy and convenient for you to take advantage of smart home technology built right into your new Perry Home. With Perry Homes, [Smart Comes Standard](#).

Nest Thermostat E

Its simple design and new frosted display blend into the background. With proven energy-saving features, the Nest Thermostat E can help you save from day one. And you can change the temperature from anywhere – the beach, the office or your bed.

Nest Hello Video Doorbell

Nest Hello lets you know who's there, so you never miss a thing. It delivers HD video and bright, crisp images, even at night. It's designed to show you everything at your doorstep – people head to toe or packages on the ground. And with 24/7 streaming, you can check in anytime.

Genie® Model 3120 WiFi Garage Door Opener

The Model 3120 offers integrated WiFi connectivity through its award winning Aladdin Connect system. Remotely monitor and control your garage door from almost anywhere with your smart device. Time-based features allow you to set door to automatically close and/or notify after a set length of time.

Leviton WiFi Light Switch

Integrated with the My Leviton app, the Leviton WiFi light switches simplify control of your home. Schedule lights to turn on/off at specific times or based on sunrise/sunset, and activate multiple lights at once. Optional integrated voice control compatibility with Google Home and Amazon Alexa Voice Control.

Kwikset SmartCode 888 Door Lock

SmartCode 888 is Kwikset's newest keypad electronic deadbolt. It has transitional styling, a 6-button keypad, and an industry-leading small, all-metal interior. It also uses the latest Z-Wave 500 chipset.

PERRYHOMES.com

The Smart Comes Standard package is included on all Perry Homes that begin construction as of August 1, 2018. The standard configuration includes security alarm pre-wire, Nest Thermostat E, Nest Hello video doorbell, Kwikset Smartcode™ front door locks, Genie® WiFi garage door system, Leviton WiFi light switches for front porch, family room, and master bedroom. All items may be restricted by availability and may be substituted with items of equal value and capability. Certain products and services are provided by third parties, and not Perry Homes. Perry Homes does not warrant that the operation of any product will be uninterrupted or error-free. Perry Homes does not guarantee any equipment or services provided by third parties. Perry Homes makes no representations or warranties regarding safety, and the products included are not a guarantee of safety. PERRY HOMES

HOME ENERGY PERFORMANCE SCALE

It has been a hallmark of Perry Homes to continuously look for ways to maximize energy efficiency and savings. Every Perry Home has a HERS® rating to help you identify the home's estimated energy performance.

Compare the energy ratings and savings for yourself!

Every Perry Home has a HERS® rating to help you identify estimated energy performance. This sample home conserves 32% more energy than a standard new home.**

RESNET, an independent organization, developed HERS® (Home Energy Rating System) which is a nationally recognized standard by which a home's energy efficiency is measured. For more information, please visit www.resnet.us.

PERRYHOMES.com

**Compared to the HERS® Reference Home, which scores a HERS® rating of 100. The HERS® Index is a registered trademark of the Residential Energy Services Network (RESNET). According to RESNET, "each 1 point decrease in the HERS® Index corresponds to a 1% reduction in energy consumption compared to the HERS® Reference Home." Information based on the RESNET HERS® Index Guidelines. HERS® ratings are based on pre-construction analysis of a plan as designed, but may be impacted by testing of an actual home performed by a RESNET certified rater or the configuration of an as-built home. Energy use and savings for actual homes (as built) will vary based on a variety of factors, such as home type, plan options, features, usage, orientation, site, utility rates, climate and operation of the home. All trademarks, product names, brands and logos remain property of their respective holders, and are used only to directly describe the products offered. Their use in no way indicates any relationship, endorsement, or sponsorship between Perry Homes and the holders of said trademarks. Offers, plans, prices and availability are subject to change without notice. Please refer to perryhomes.com for up to date information. (05/18)
