Parks, YMCA, Youth/Adult Organized sports

Historic Mercer Street

## **A few things that Highpointe Community Members love about the Neighborhood:**

*I like how everyone uses the Cool Spring loop for walks/runs/bikes. I really love the kids being able to fish in all of the ponds.*

*I have awesome neighbors, my grandkids also live in Highpointe. , I love looking into the greenspace behind my house. , I love watching the deer, birds, cattle and deer on the ranch behind me. I think most Texans are friendly and polite.*

*The green space and wildlife are what does it for me. Even though we're in a decent size community, we still get that country feeling with all the green space. I love waking up in the morning and watching all the deer out back.*

*Food Truck Fridays!!!*

*Love getting together with our neighbors and watching our kids run and play together. The community we have here, the love and support for one another, is truly like no other.*

*Our green space!!!! We have 2 baby fawns right now. Our bird population seems bigger than ever. We love sitting out back watching it all in the evenings. My husband and I love walking the neighborhood too.*

*I love the majestic Oaks*

*Our pool is open practically all year long.*
